

Let's Connect at the 340B Coalition Conference!

Until we are all able to safely meet again in person, let's be sure to take advantage of all the ways to engage, stay connected, and network during our virtual conference. You can connect with your fellow colleagues (new and old) in many ways using the platform! We have taken the opportunity to put a few highlights together to assist you with navigating the easy and beneficial ways to take advantage of the virtual networking experience.

Make a Statement: Build Your Profile!

Be sure to establish your presence at the conference and set up your profile within our virtual platform. Completing your profile earns you points and helps others to locate and network with you. You can also send private messages to other attendees, provide feedback about sessions and speakers, and post photos and comments.

Add a profile picture

Upload your professional **profile photo** and get your networking game face on.

Select your ribbons

Your stakeholder group is already pre-populated, but you will be able to select additional **ribbons** to assist you with matchmaking, networking, and connecting with others in your 340B field.

The screenshot shows the 'Edit My Profile' interface. On the left, there are three input fields: 'Profile photo' (with a file upload button and instructions), 'Email' (containing 'carla.williams@340bhealth.org'), and 'Name' (with three separate boxes containing 'Carla', 'Williams (HOS', and 'Credentials'). On the right, there is an 'Additional Ribbons' section with a dropdown menu and a list of suggested and popular ribbons. A green arrow points from the 'Add a profile picture' text to the profile photo upload field. Another green arrow points from the 'Select your ribbons' text to the 'Additional Ribbons' dropdown menu.

Brag a bit...complete your description

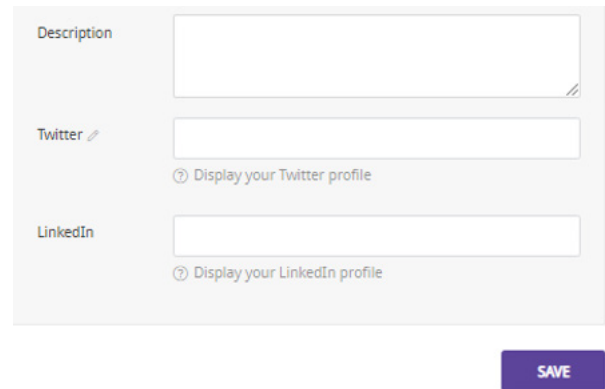

In your profile description, you can talk about your 340B experience, favorite hobbies, interests, goals, or your favorite book or movie—the more you add, the more your fellow attendees will know about you.

What's your handle?

Include your **Twitter** handle so that you can remain in touch on social media.

Link Up!

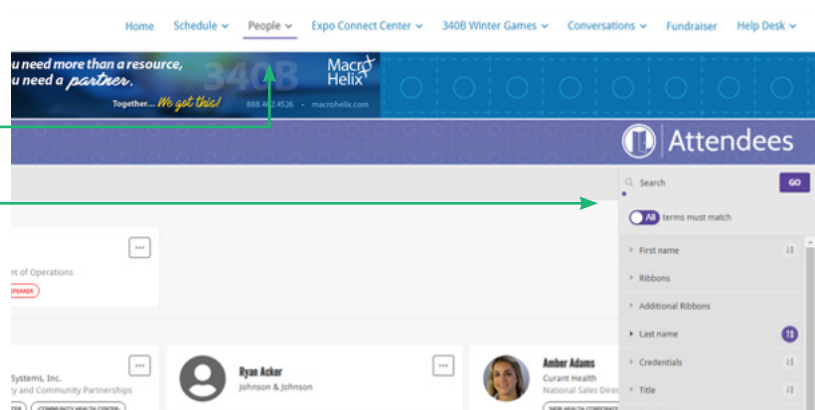

Be sure to enter your **LinkedIn** profile so that you can connect with others.

The image shows a profile editing form with three input fields: 'Description', 'Twitter', and 'LinkedIn'. Below the 'Twitter' and 'LinkedIn' fields are checkboxes labeled 'Display your Twitter profile' and 'Display your LinkedIn profile' respectively. A purple 'SAVE' button is located at the bottom right of the form.

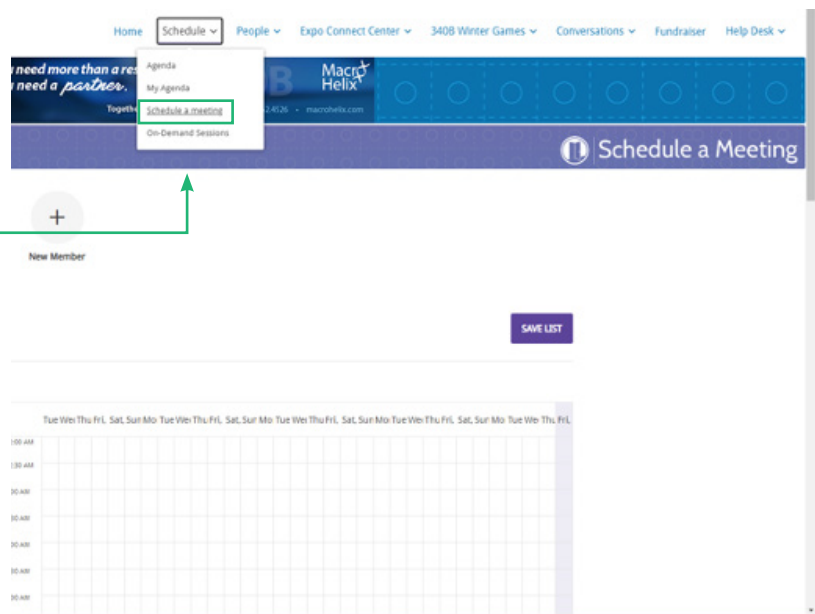

Using the Attendee Search Function

Under the **People** tab, you will find that you are able to search by all attendees or speakers. Use the **search function** to narrow down the list if you are looking for specifics. You may search by ribbon, credential, geographical location, company, or use a keyword to search attendee profile descriptions.

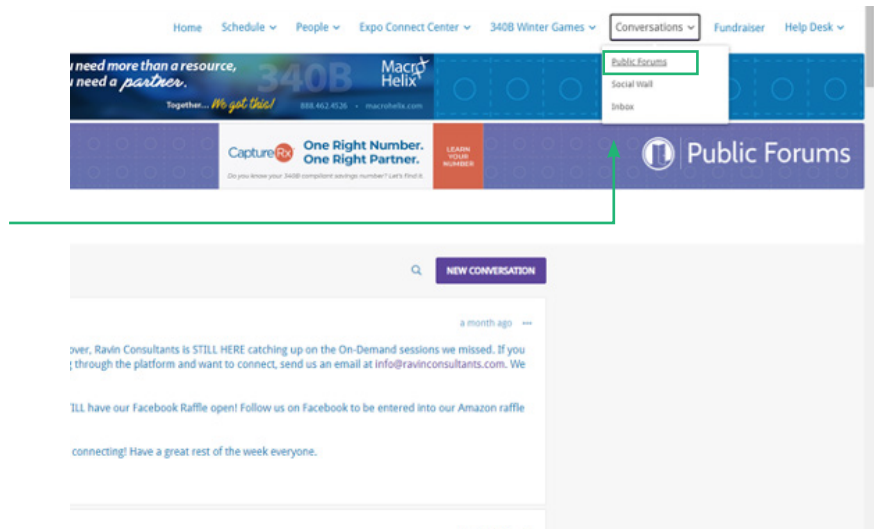

Schedule 1:1 Private Meetings

The platform has the capability for attendees to schedule 1:1 private meetings. Under the **Schedule** navigation tab at the top of the page, scroll down to schedule a meeting. From there, you can use the pre-populated attendee directory to add a person to schedule a private 1:1 video meeting. A message is sent to the inbox of the recipient notifying them of the intent to meet privately.

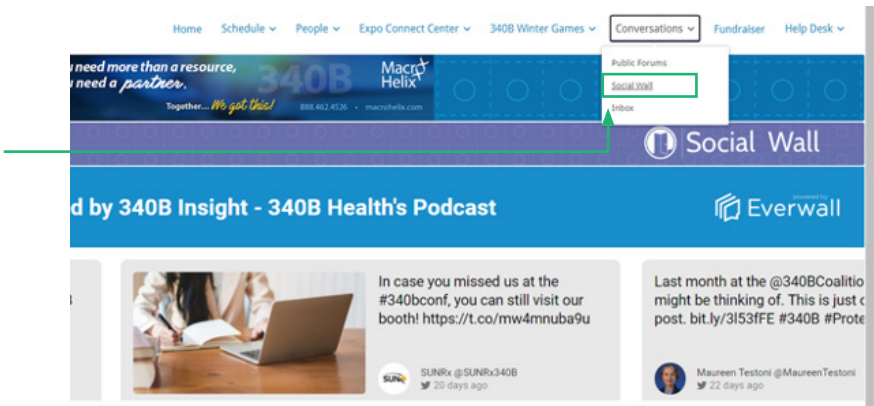

Start a Conversation in the Public Forums

Engaging can be ongoing and as frequent as you like. Start a conversation and share thoughts on content, sessions, and hot topics within 340B world on the **Public Forums** page. You will give others an opportunity to comment, interact, and engage. You may find a new friend with common interests or may even learn valuable information from one of your colleagues.

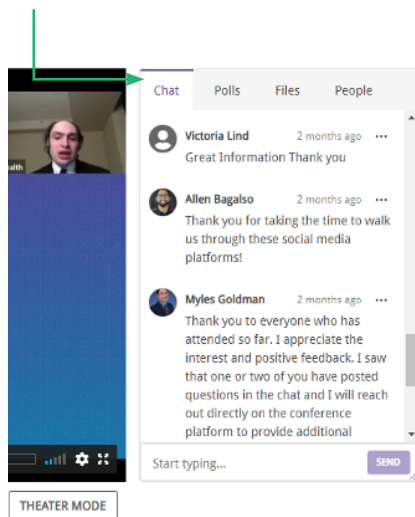

Get Social!

Monitor the event's **Social Wall** within the platform and remember to use the **#340bconf** hashtag when you tweet out messages. Tweeting can earn you points for a chance to win a prize!

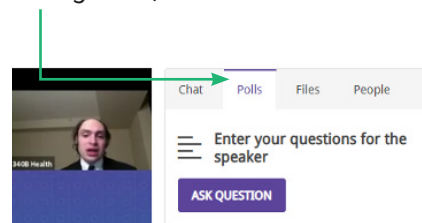

Use the session tabs to engage and connect, it's as easy as 1, 2, 3!

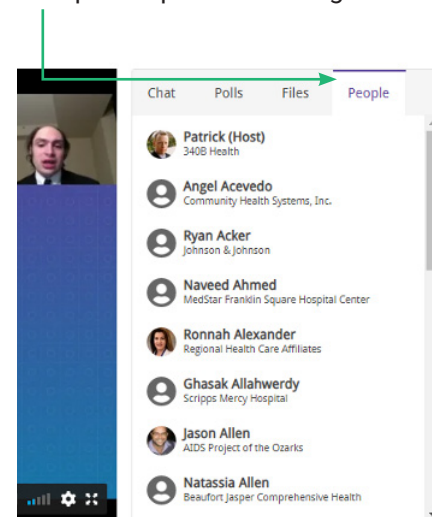

Use the **Chat** tab to share thoughts on the content being presented.

Engage with the speakers by using the **Polls** tab to ask a question during live Q&A.

Peruse the attendee list under the **People** tab to direct message or set up a 1:1 private meeting.

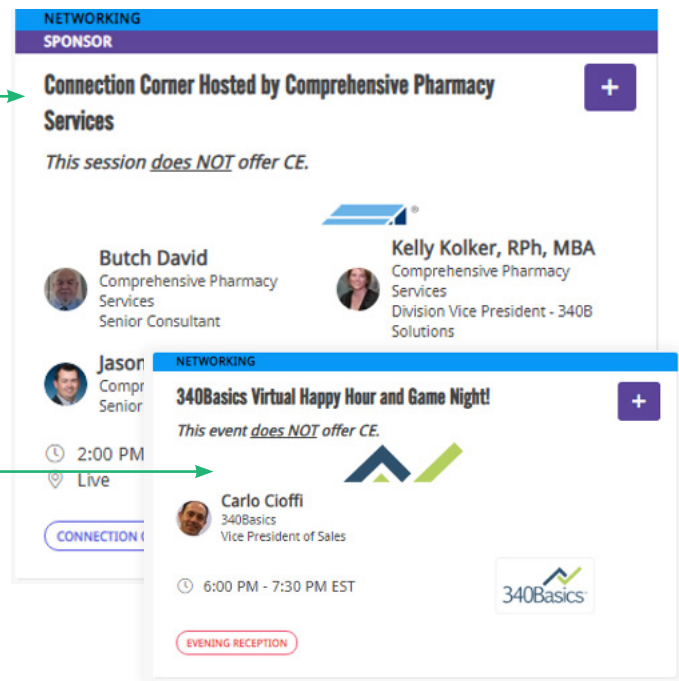

Stop by our Connection Corners

Connection Corners offer a great opportunity to learn, chat, engage, and socialize with other conference attendees. Don't let these awesome opportunities to network pass you by!

Happy Hours: Pour a Glass and Get Ready to Connect

After a day of learning, take some time to unwind and have some fun at the evening Happy Hour events. Our sponsors have had entertainment, singing, game nights, cocktail and charcuterie board making classes, and other fun activities at recent events. You won't want to miss this chance to make memories.

Get Your Game Face On!

Get on the **Leaderboard** by earning points and engaging in competition with your fellow attendees! Gamification is a fun and exciting way to have some friendly competition during these two weeks of intense learning.

Leaderboard

			
	Cary Green 5180 points	Mark Danilin 6090 points	Daisy Butrim 4240 points
